JIM SHEPHERD FOUND IN OHIO

Sheriff Pete Whitlock returned from Dayton, Ohio yesterday with Jim Shepherd, accused of cutting Robert Sharp at a schoolhouse prayer meeting on the Lancaster pike several weeks ago. Sharp was in a very serious condition at a local hospital for some time but is out of danger now. Shepherd skipped out after the affair, but Sheriff Whitlock did a clever piece of detective work, and finally located him at Dayton, found him working in a light plant there. He was placed in jail and will have his trial as soon as Sharp is able to appear against him.

HEMORRHAGE OF THROAT IS FATAL

Mrs. George Young, wife of a well known farmer, a mile out of Kingston, of the Berea pike, died suddenly Sunday night of hemorrhage of the throat. Mrs. Young had not been feeling well for several days, it is understood, but there was no uneasiness over her condition. She suddenly choked up, however, and death came very quickly. She survived by her husband and three daughters. Mrs. Young was a devoted member of the Methodist church, and was about 50 years of age.

WILLIS MOORES LOSES LITTLE SON

Johnny Moores, the bright little five-year-old son of Mr. Willis Moores, of the Daily Register force, died Sunday night at 11:05 o'clock at the home of his grandparents, Mr. and Mrs. James C. Whicker, on Letcher avenue, this city. For the past five weeks this bright little fellow had been hovering between life and death with that treacherous malady, typhoid fever, and all that medical skill and loving hands could do was of no avail, and the little sufferer entered into that land where pain and suffering are unknown.

Just one short year ago his mother departed this life and left him and baby girl in this world of sorrow and woe, and the loving care of a father. Now, the little son has gone to join his mother with the saints immortal, and the father is left to mourn the demise of those nearest and dearest to his heart. To him and the fond grandparents, is extended the sincere sympathy of the entire community. Funeral services will be held Tuesday and the remains laid to rest in the Richmond cemetery beside his mother.

This will be good news to the members, all of whom are so much interested in the work of the Boonesborough Chapter.

PENROSE BEATS PROGRESSIVES

(By Associated Press)

The Progressives led by Senator Hiram Johnson, made their issue on Penrose and were defeated 35 to 5. No effort was made to contest the election of Warren and the conference approved all the committee assignments as made by the committee on committees.

METHODISTS FAR EXCEED THEIR QUOTA

The faithful work of the five teams led by Walter Q. Park, A. J. Suit, Miss Emily Olmstead, Mrs. Jonas Rucker and C. C. Wallace resulted in raising for the centenary movement 12,250. The so called assessment or quota was \$6500. This puts the church over the top 57.50. This includes the amount subscribed by individuals, the Sunday School, the church as a whole in conference claims and the Ladies' Missionary Society.

Besides this, the church had a debt of \$43,67 which had been standing for some years, and in order to make victory complete, they made up the money at the morning service and paid off this debt also.

Everyone entered into the spirit of the movement and seemed to enjoy the privilege offered them of giving to this great cause. Even the friends of the churches assisted liberally and enjoyed it immensely. We now hope for the church a period of prosperity and a season of spiritual blessing such that it has not seen in many days.

G. D. Smith, Lay Leader.

METHODISTS ARE NEARING THEIR GOAL

(By Associated Press)
New York, May 26—The close today of the eight-day campaign of the Methodist Episcopal Church for the \$140,000,000 Missionary Centenary Fund brought confidence to church leaders that the final returns will swell the total far above the quota. The Southern branch reported a total of \$30,000,000 of its \$35,000,000 quota.

DATE FOR BIG SALE EXPECTED SOON

Announcement is expected to be made tomorrow of the date of the big lot sale at Rosedale Addition, which will be conducted by the Wakefield-Davis Realty Co., that recently bought this tract from Mrs. J. W. Caperton. There is much interest in this sale, for never was a more beautiful subdivision to be opened anywhere for residential sites. The gentlemen of the firm, who are here in charge of arrangements for the big sale, say that they have sold a lot of residential property but never in all their experience have they sold a tract so naturally attractive for homes in every way, as this one. All who have visited the tract are inclined to agree with them without reservation. There is much curiosity as to who will be the purchaser of the lot containing the handsome residence. Suggestions have been made that a syndicate be organized here to purchase it together with a number of the adjacent lots, and use for a Country Club. A number of prominent citizens have expressed themselves as heartily in favor of such a movement, and something may develop along these lines before the time for the sale rolls around.

SELLS GARAGE INTEREST
Sheriff Pete Whitlock has sold out his interest in the Barker & Whitlock garage to Alvin Taylor, who has taken charge of the garage, recently moved to the corner of North street and Lexington.

BAD CHECK CASES COME UP TUESDAY

Circuit court reconvened this morning, and the day has been devoted to trial of small civil actions. Two suits involving ownership of small tracts of land in Red Lick section of the county, were up first. Elizabeth Lewis, administrator is suing John Robinson for the possession of a tract of land, valued at about \$1,000. Robinson claims that the land was given him. The jury was still out with this case when the Daily Register's report closed.

The suit of Newt Lakes' heirs including his daughter, Nettie Lakes for a tract of land in the same section, was on trial this afternoon. The suit is against Willie Lakes, a brother of the deceased, who claims that he holds a deed to the property.

The criminal division of the docket will be taken up again Tuesday. Among the first cases to be heard will be those of the two Lexington couples, McCalls and Hattons, who tried the cold check game on half a dozen or so of Richmond merchants a few weeks ago. They are out on \$4,000 bond for their appearance tomorrow. As they pled guilty after indictment, it will simply be a question of the length terms that they are given in the penitentiary.

Among the cases which will come up this week will be the petition filed by City Attorney Joe P. Chenault, on behalf of the city of Richmond, seeking to enjoin Cumberland Telephone & Telegraph Co. from putting into effect the increase in rates recently announced. The city cites its contract with the company, and alleges that the company nor Postmaster General Burleson has a right to violate or abrogate a contract of such nature.

ANTI-BOLSHEVIKI GET RECOGNITION

(By Associated Press)
Paris, May 26—Bulletin—The Council of Four, according to Reuter's Agency, has decided to recognize the anti-Bolshevik governments of Admiral Kolchak and Gen. Denikine, if they agree to convene a genuine constituent assembly and accept its verdict as to the future form of the Russian government and also accept the League of Nations covenant and its consequences as affecting the boundaries of the former empire. The policy adopted, it is added, will enable the allies to recognize and assist any force in Russia co-operating in the struggle against soviet rule. The allies will not furnish Kolchak and Denikine with troops but will supply them with arms, munitions, money and food on a large scale than heretofore.

OHIO GOES DRY ON TUESDAY

(By Associated Press)
Columbus, O., May 26—Ohio's few remaining saloons and wine rooms sang their songs today and prepared for the beginning of the state-wide prohibition tomorrow.

Most of the state's saloons closed Saturday night, the end of the state license year, to avoid paying the \$300 or more necessary to reopen for one day before the constitutional amendment, adopted last November, becomes effective. The larger saloons and big hotel bars, however, renewed their licenses and prepared to remain open until midnight, the last minute of their legal life.

One of the saloons remaining open today was the Sam Ungerleider bar at Bridgeport, Ohio, which employs 77 bartenders and clerks and which for three years past has averaged a sale of 20,000 drinks a day. The Ungerleider saloon has 216 feet of bar.

Many of the more famous bars and saloons will become but a memory after today. Many others, however, are today as lunch rooms, restaurants and soft drink saloons. Still others have announced that they will go into new lines after a short vacation. A few owners have stated that grape owners and wine makers along the Ohio shores of Lake Erie announced that they will manufacture soft drinks in the future.

Beginning tomorrow, Ohio will be known as the biggest prohibition state in the country—a record held until recently by Michigan. As a result of prohibition, the state will save approximately \$4,000,000 annually in liquor taxes. Several new revenue producing measures are now pending before the Ohio general assembly.

FREE TUITION TO FRENCH LAD

Granted At Eastern Normal By
Regents—Teachers Given
Salary Increases.

As a patriotic act, the Board of Regents of the Eastern Kentucky State Normal School, at their meeting here Saturday, granted free tuition in any department of the institution to Arthur Dupre, the French boy who accompanied Lieut. Edmund Powell home from France a few months ago. The youngster came to America with his friend for the purpose of securing an education, and has been attending school in Richmond since, making fine progress. He has shown such an excellent spirit and desire to obtain an education and make a man of himself, that the Board took unanimous action toward giving him every assistance possible and without charge.

All of the present faculty of the Normal were re-elected by the Regents for the next term, with the exception of Miss Ruth Annette Hardin, head of the Expression Department. Her health has made it necessary for her to take a rest to recuperate. Miss Anne McMillan, of Carthage, Ill., succeeds her. President T. J. Coates was also re-elected for another two-year term, which will be good news to his friends and the many friends of the institution where he is doing such fine work. The teachers, except heads of departments, were all granted slight increases in salaries, amounting to about 10 per cent of their present salary scales.

The purchase of Liberty Bonds with the surplus of the institution was approved by the Regents.

The sum of \$2,500 was appropriated to pay for books for the library, and the furniture, was ordered paid. It was bought by competitive bids from Lexington and Frankfort firms, and cost about \$7,000.

Reports from all departments showed that Eastern was in splendid condition, with constantly increasing attendance, and outlook for the summer school exceptionally bright. Eastern has shown a steady and substantial growth, notwithstanding the fact that practically all of the competition from big educational institutions of the state is located in the Eastern district, whereas Western Normal at Bowling Green practically has the field to itself. The Regents and friends of the institution are greatly pleased with the outlook before it, under the wise and able administration of President Coates and his associates on the administrative staff.

All of the members of the Board of Regents attended the meeting here Saturday, including Superintendent of Public Instruction Gilbert, of Frankfort, Judge J. W. Cammack, of Owenton, Senator Hiram Brock, of Harlan, W. C. Price, of Corbin, and Hon. J. A. Sullivan, of this city.

WHY, OH! WHY?

A dispatch from Frankfort last
 week, stated that the State Tax Com-
 mission had completed the assessment
 of the railroads of Kentucky for the

year and that the total showed a
 falling off of \$418,000 compared with
 last year. The question is naturally
 asked why are the railroads thus
 favored? The landowners have been
 raised sky high and it does look like
 the railroads should bear their pro-
 portion of the tax burden. We know
 of three men in Shelby county—two
 in Shelbyville and one out in the coun-
 try—who still think the new Tax
 Law is a good one, but with an in-
 justice or two like this happening the
 number is liable to be reduced at
 least one third.—Shelby News

 said that Governor Black and members
 of the State Tax Commission are of the
 opinion that the Harkness estate tax
 settlement compromise should be in-
 vestigated, and if reports concerning
 the compromise are true that a suit
 should be filed to set aside the judg-
 ment of the Fayette Circuit Court. A
 petition to the State Tax Commission,
 asking that the Commission permit the
 case to be reopened, is being prepared.
 It will be presented Tuesday. Although

 the petition, Chairman J. A. Scott of the
 Tax Commission said that the suit, if
 filed, will be for the purpose of setting
 aside the judgment of the Fayette Cir-
 cuit Court in the Harkness case on the

 mission for Relief in Belgium, the title
 of Friend of Belgium. To com-
 memorate the conferring of this unique

 Hoover an address, and also a work
 of art symbolizing the life which
 this American managed to maintain

in the oppressed country uring the

Sometimes we feel that we don't get
 well-enough acquainted with Briscoe own-

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your body.

Splendid results have been reported from the use of S. S. S., which completely routs from your body the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to treatment of your own or your case, write to-day to Chief 1, Adviser, Swift Specific Co., D. B. Atlanta, Ga.

McCombs Road Oil

"From the time of the Roman Caesars it has been recognized that prosperity follows good roads."

THE high cost of material and the shortage of labor put a premium upon the preservation of present equipment; and for the preservation of good roads a gallon of oil is worth a bushel of labor.

Imperative demands of the war period have prevented adequate road maintenance, improvement and extension. The immense transportation problem of reconstruction requires that the arteries of traffic be kept in good condition.

Roads well oiled last indefinitely. A well-oiled road is impervious to the destructive forces of nature and offers adequate resistance to the wear and tear of heavy traffic.
